1 North Lexington Ave., 7th Floor
White Plains, NY 10601

Dear Mr. Gorman,

The 10th Annual Hudson Valley Regional Perinatal Forum, "***Toward Improving Perinatal Health in the Hudson Valley Region: 10 Years in the Making***" that was held on November 2nd at the Marriott Westchester in Tarrytown was very successful. Support from the Children's Health and Research Foundation, Inc., serving as the fiscal conduit for the conference, helped to make this year's conference possible, and we thank you.

More than 125 participants attended this year's conference. The evaluations completed by the attendees, gave favorable marks to the speakers as well as the vendors. The educational materials shared about the various products and available services were greatly appreciated. Education is one of the greatest gifts women can use to make their families healthy and happy.

The mission of the Regional Perinatal Forum is *to encourage a collaborative effort to work together in planning perinatal forums and surrounding public health activities toward improving perinatal health in the Hudson Valley Region.* It is such a complex and challenging problem, and requires the good intentions, generosity and partnerships of many to make the dream a reality.

Sincere thanks for your generosity.

Best wishes for a Healthy Holiday Season.

Heather L. Brumberg, M.D., MPH
